Data sheet

IGNITE ARB TOP

A top part for equipping the IGNITE ARB waist harness to quickly and simply become a complete harness. The front two textile loops on the IGNITE ARB TOP are certified under EN 361 when used jointly as a sternal attachment point. The simple way the top part attaches to an existing IGNITE ARB harness expands the application options for this popular arborist harness by yet another degree.

- Addition to IGNITE ARB waist harness
- Easy attachment
- Additional attachment points corresponding to EN 361
